

City B&O tax

Many cities impose a local Business & Occupation (B&O) tax. This tax is in addition to the B&O tax imposed by the state of Washington. **The Department of Revenue does not administer or collect local B&O taxes.**

The Municipal Research and Services Center [↗](#) provides information about city B&O taxes. Visit their website for a list of City B&O Tax Rates [↗ \(pdf\)](#) with applicable rates and contact phone numbers for each city that imposes a B&O tax.

If you have questions about state B&O tax, visit our Business & Occupation Tax page.
